PROFESSIONAL SUMMARY

Backend Developer with experience in developing web applications using Python, Django, Django REST Framework, and MySQL. Skilled in building RESTful APIs, designing databases using Django ORM, and developing clean, maintainable, and scalable backend applications. Strong knowledge of Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA), and problem-solving, with a focus on writing efficient and high-quality code.

WORK EXPERIENCE

PITCS (Backend developer)

Apr 2026 - Present

- Developed RESTful APIs and reusable CRUD modules using Python, Django, and Django REST Framework (DRF) to support seamless frontend and backend integration.
- Designed relational database models using MySQL and Django ORM, ensuring efficient data storage, retrieval, and database performance.
- Optimized application performance by writing clean, reusable, and maintainable code, improving readability, scalability, and reliability.
- Integrated third-party APIs and backend services based on business requirements to extend application functionality.
- Performed API testing and debugging using Postman, resolved application issues, and collaborated with frontend developers and Quality Assurance (QA) teams to deliver high-quality software solutions.

PROJECT EXPERIENCE

User Identity and Access Management (IAM) System (Python, Django, Django REST Framework , MySQL)

- Architected a modular IAM application following Django's MVT architecture to ensure scalability and maintainability.
- Configured role and permission mappings to provide controlled access to application modules based on assigned user roles.
- Developed reusable backend components and database models to support extensible user, role, and permission management.
- Established secure password management using Django's built-in password hashing and validation mechanisms.
- Documented REST API endpoints and validated request/response workflows using Postman during development.

TECHNICAL SKILLS

Python programming language, MySQL , Data structures and algorithms (DSA) and Django Framework .

EDUCATION

Bachelor of technology (B.TECH)

Godavari Institute of Engineering and Technology (ECE)

2021- 2025
